

## ▶ GETTING INTO SHOOTING & SKILL AT ARMS

Shooting & Skill at Arms is a core activity in the Cadet Forces and one that is enjoyed by so many cadets and volunteers.

To help you get started, guides and online resources have been designed to enable you to gain a better understanding of each subject and build a firm foundation of knowledge.

The following courses are now available on Utlearn to get you started; *Cadet Weapons Systems*, *Safe Handling with Cadet Weapon Systems* and *The Marksmanship Principles*.

### BEFORE YOU START

- ✓ Make sure you know your Utlearn username. This is the number before the @ in your Cadet Portal username.
- ✓ Make sure you know your Utlearn Password, ask a staff member for your login details if you have forgotten.

### STEP 1

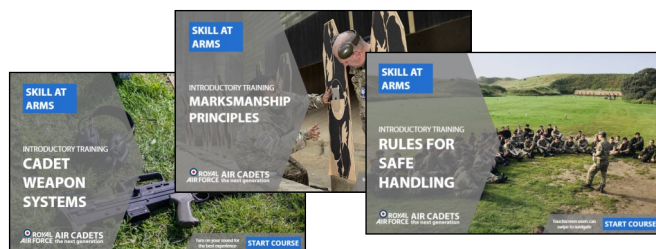

- Open Utlearn via Cadet Portal or by visiting <https://learning.bader.mod.uk>
- If the course you want isn't displayed, click **Explorer Register**. This is near the top of the screen on the right hand side.

### STEP 2

- In **Explorer Register** find the course you would like to study in the **Shooting and Skill at Arms** folder.
- Click on the course and click **Register** near the top right corner of the screen. The course should now appear in the **My Courses** area.

### STEP 3

- Click on the **Start** button of your registered course to view the content.
- Press **Launch** to start the course. It will open in a new window. Then click **Start Course**.
- Always use the **Exit Course** button on the left of the window and not the X to close the window.

### SYLLABUS POSTERS

- In the **Marksmanship Principles** training package in the top right corner of the screen click on **Resources** to download **Shooting Syllabus Posters** for the **Air Rifle**, **L144A1 Cadet Small Bore Target Rifle** and the **L98A2 Cadet GP Rifle**.
