

▶ COMPLETING THE BLUE SPACE SYLLABUS

Welcome to the beginning of your journey into *The Open University OpenLearn Launch Pad Space Award for the Air Cadets*.

The Blue syllabus concentrates on the applications of technology developed for space travel.

You should be at least a First Class Cadet to complete this course.

UNDERTAKING THE COURSE

- This course should be delivered by an instructor.
- If no instructor is available, with your CO's approval, you can complete course as a group of cadets, or on our own. Your staff will show you how.

COMPLETING THE COURSE

- To complete this course you need to have access to the internet as you will need to complete some research at the end of each section.
- You must answer each question successfully to pass this course. If you do not, then you can try again as many times as you like.
- If you are completing this course in a group, you may be asked to present what you have found to other group members.
- If you are completing this on your own, or in a group, follow the instructions within the e-learning course and answer each question carefully and to the best of your ability.
- If you are interested in this topic, there is also a subject guide. Ask a member of staff to access it for you from the Training Hub.

AFTER COMPLETING THE COURSE

- Once you have successfully completed the course, a member of staff will download a blank certificate from the Training Hub, add your details and present it to you.
